

JOB OPENING

Position description: Labourer

Position type: Contract (3 months, with the possibility of extension)

Shift/Rotation: 2X2, Dayshift

Positions available: 4

Location: Blackwater Project (162 km from Vanderhoof)

Rate: Competitive hourly rate.

BW Gold Ltd. (BW Gold) is a subsidiary of Artemis Gold Inc, a growth-oriented gold development company and the champion of the Blackwater Gold Project in central British Columbia. The Blackwater Gold project has received approval to commence the early works, and it is the first step required for mine construction.

The Blackwater Gold mine is the largest mine development project in the Cariboo region of B.C. in the last decade. It will support regional employment for a period over 25 years, including the construction period, with a potential life of mine extension through further exploration. It is estimated that the project will create 457 direct full-time jobs per year over the 23-year operating life of the mine, with 825 direct full-time jobs per year created during the construction/expansion phases of mine development.

Scope of Responsibilities

Your primary responsibility will be to work with the Blackwater Project Site Manager and certified trades personnel to safely renovate a set of dorm buildings on site. You will focus on developing fundamental carpentry skills and provide assistance to your colleagues. In addition, you will participate in daily safety meetings and contribute to team culture.

Other Duties

- Complete job hazard assessments as tasks and environmental conditions change;
- Remove light fixtures, flooring, walls, window and door trim, light switch covers and floor vents;
- Construct new interior wall frames according to the re-designed floorplan;
- Assist tradespersons in removing and relocating electrical, plumbing, and HVAC utilities for the new dorm floorplan;
- Install plywood and drywall on new interior floors and walls;
- Install showers, vanities, toilet units, and all associated hardware and fixtures;
- Paint all reconstructed interior walls, replace trim, and apply floor coverings;
- Install lighting fixtures, switch covers, floor vents, etc.;
- Assemble all dorm room furniture and install in end use location;

Qualifications

- Must be able to work within industrial safety standards and respect the traditional territories and culture of the Indigenous communities which host the project site.
- Must be able to lift up to 50 lbs and exhibit a base level of physical fitness.
- Team player with the ability to focus on instructions and complete tasks in a safe and timely manner.
- Preliminary carpentry skills and some experience with small hand tools.
- A valid Class 5 driver's license is required.

Candidates will have to be able to clear pre-access requirements such as criminal background check, drug, alcohol, and medical tests.

How to Apply:

Interested candidates should submit their resume to hr@artemisgoldinc.com with "BW Gold – Labourer" in the subject line of their email.

We welcome diversity and encourage all who are qualified to express their interest. Preference will be given to qualified applicants from Impact Benefit Agreement Groups. Members should clearly identify their IBA status on the resume, to receive priority consideration.

We would like to thank all those who apply; however only those selected for an interview will be notified.
