Steven Dean  
CEO, Chairman, and Director  
Artemis Gold Inc  
Box 49298  
Vancouver BC V7X 1L3

Dear Mr. Dean,

The Burns Lake Chamber of Commerce is writing to express our support for Artemis Gold's Blackwater Project.

Artemis Gold's Blackwater Project will have a direct positive economic impact on our community. From the long- and short-term jobs it will create to the increase of community funding through provincial and federal taxes, all our residents and businesses will have opportunities to benefit from this project. In addition, the commitment Artemis Gold has shown towards promoting sustainable community development in the communities it impacts will have long-lasting positive effects on our region.

We appreciate the plans Artemis has in place to engage with the local Indigenous nations to build lasting and strong relationships by promoting indigenous employment and business development.

The Burns Lake & District Chamber of Commerce fully supports the Blackwater Project through the permitting, construction, and operation phase and looks forward to our region's economic benefits.

We look forward to working with you in the future and wish you success in advancing the project to operations.

Sincerely,

Mark Rogers  
President
