Steven Dean  
CEO, Chairman, and Director  
Artemis Gold Inc  
Box 49298  
Vancouver BC V7X 1L3

Dear Mr. Dean,

On behalf of the Vanderhoof Chamber of Commerce, I am happy to write this letter to express our support for Artemis Gold Blackwater Project.

The goal of the Chamber of Commerce is to support the local business community, and the progress of the Blackwater Project, now through the Pre-Feasibility Study (PFS) in 2020, and its investment of approximately \$600 million in initial capital, will do just that.

The Chamber of Commerce is encouraged to see these commitments stated as part of the Blackwater Project:

- The commitment to respecting and enhancing the economy and social aspects of the communities in which their company operates, including the community of Vanderhoof.
- Through their commitment in Environmental Assessment, the company has committed to hiring from the community and with the inclusion of Indigenous employees and service providers.
- And the commitment to conduct its operations with the interest of protecting human health through the minimization of impact on the ecosystem and redeveloping exploration and mining sites to high environmental standards.

The Blackwater Project construction and operation has the potential to infuse direct and in-direct economic benefits to the Regional District of Bulkley-Nechako, including the community of Vanderhoof, through job creation, procurement and other retail opportunities, and taxes.

The Vanderhoof Chamber of Commerce therefore stands in support of the Blackwater Project and will work alongside to meet their goals of supporting the business community in Vanderhoof.

Sincerely,

Michelle Roberge  
President, Vanderhoof Chamber of Commerce
